"German Syrup."—No other medicine in the world has ever given such a test of its curative qualities as Boschee's German Syrup. In three years two milion four hundred thousand small bottles of this medicine were distributed free of charge by Druggists in this country to those afflicted with Consumption, Asthma, Croup, severe Coughs, Pneumonia and other diseases of the Throat and Lungs, giving the American people undeniable proof that German Syrup will cure them. The result has been that Druggists in every town and village in the United States are recommending it to their customers. Go to your Druggist, and ask what they know about it.
